

Savo Joi

STOOL

Joi stool is an ergonomic alternative to a classic office chair. If you have discovered the benefits of a saddle chair or balance ball, you will love Joi. This minimalist office stool encourages movement and variety in your sitting. The joystick base actively stimulates sitting by balancing, and provides free movement in 360 degrees. Since no settings are needed, Joi is a flexible chair that suits many different users. It's flexibility means that it also fits well in the home office.
