

Mingle

## Flexible and elegant

Mingle is a module-based sofa system that makes it easy to create comfortable seating even in small spaces. The stylish sofa is available in many different versions and can be built to fit into any setting. The many different types of modules let you create both round and straight combinations in various sizes and heights. The modules can be varied in an infinite number of ways to form open or enclosed spaces. Combine benches, armchairs, sofas, tables and corner seats to create furniture that suits your needs. Place a twin sofa in the entrance, build secluded seating with high backs or let Mingle wend its way through the office landscape.

## Infinite possibilities in every setting

With Mingle, there's no need to choose between big and small sofas. The modular sofa system is easily adaptable to suit different settings and looks just as good in the workplace as it does in public spaces. Soft seating promotes well-being and creates inviting, inspiring spaces. And apart from the cosy feel, sofas and other upholstered furniture make for better acoustics. With combinations that look just as good in open spaces as they do in small rooms, Mingle is an excellent choice for the office, hotel, reception, restaurant, school or social care environment. In other words, spaces for every kind of mingling!

Mingle is available in the versions Mingle Lounge and Mingle High. Mingle Lounge is a generous model with a wider, deeper seat, while Mingle High comes with high seating. Mingle also offers different choices of back height, armrests and legs in metal or wood. All modules can be upholstered in single or two-colour fabric or in leather. Mingle Lounge and Mingle High are available as standalone pieces, and all Mingle Lounge modules come in connectable versions, enabling complete freedom of design when creating your own special combination.

"This modular seating is comfortable, functional and aesthetically appealing."  
– Berg & Hindenes

## How compact can a sofa be without losing comfort and function?

*Berg & Hindenes, the designers behind Mingle*

"In Mingle, we wanted to create a chair that took up as little space as possible while remaining comfortable. The result is a functional, stylish and highly comfortable sofa that can be adapted to its surroundings. It has a simple expression, where just a few features provide the piece with its own special character. It was important for us to make sure the design would enjoy long life from a technical standpoint, while resisting visible wear and tear over time. The modular sofa can be arranged in many different combinations and versions according to the customer's wishes. There are even more possibilities with various heights, lengths and shapes available in Mingle Lounge and Mingle High, which are further developments of the Mingle family. They include everything from a simple chair to long benches and high sofas in multiple versions."

*Berg & Hindenes is a Norwegian designer duo, consisting of Anders Berg and Steinar Hindenes, who have been working together since 2011. They were trained at the Bergen Academy of Art and Design and have extensive experience of furniture, product and interior design. Berg & Hindenes, who endeavour to create objects with a distinctive character, have received many awards. The duo also designed EFG's Woods chair.*

# Mingle Lounge

Mingle Lounge has a deeper, broader seat that provides an agreeable, relaxing experience and creates comfort in the workplace. All Mingle Lounge units are available in connectable variants.

## Mingle Lounge bench

Bench, single seater

Bench, 2-seater

Bench, 3-seater

Corner, 60° or 90°

## Mingle Lounge armchair

Height: 810 mm (low back), 1410 mm (high back)  
 Width incl. armrests: 760 mm  
 Depth: 660 mm  
 Seat height: 460 mm

### Armchair, low back

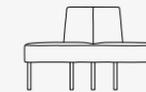

Armchair

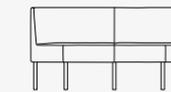

Armchair, armrest

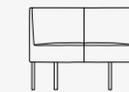

Armchair, armrest left/right

Corner, inside back, 60° or 90°

Corner, outside back, 60° or 90°

Right angle corner, 90°

### Armchair, high back

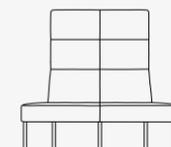

Armchair

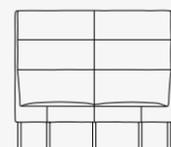

Armchair, armrest

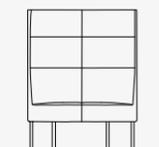

Armchair, armrest left/right

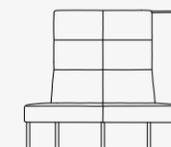

Corner, inside back, 60°

Corner, outside back, 60° or 90°

Right angle corner, 90°

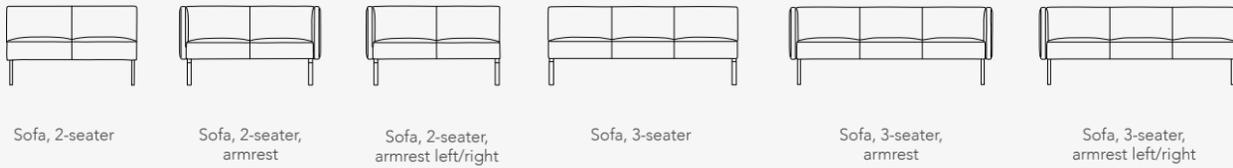

Corner, inside back, 60°, armrest left/right

### Mingle Lounge sofa

Height: 810 mm (low back), 1410 mm (high back)  
 Width incl. armrests: 1420 mm (2-seater), 2080 mm (3-seater)  
 Depth: 660 mm  
 Seat height: 460 mm

#### Sofa, low back

#### Sofa, high back

### Mingle flexible table

The flexible table goes together with all variants regardless of shape or size. The table is placed at the joint between two seats where there are no legs. The top is available in light ash or black linoleum, and with a black metal stand.

### Vary Mingle Lounge

Create personal seating to suit your own particular needs. The lounge sofa can be varied with different styles of legs, upholstery and colours to create utterly different expressions. For example, choose a dark blue fabric on the outside and a lighter colour on the inside and combine with black metal legs.

#### Legs

Mingle Lounge has different options for legs. Straight, black metal legs create a stylish impression, while round wooden legs (light ash and oak) provide a more natural feel. The metal legs can also be custom painted.

#### Upholstery

The fabric and colour of Mingle Lounge upholstery can be varied. The inside and outside module upholstery is available in a single colour or two colours, both from the same fabric family. Mingle Lounge has fabric upholstery, but is also available in leather.

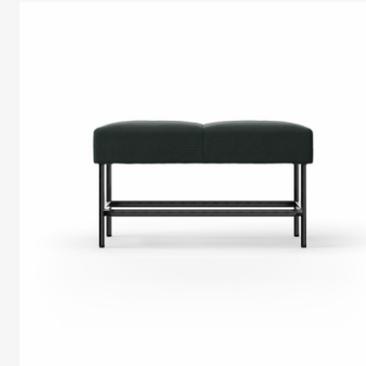

#### Accessories

Stylish accessories for power, computer and cable management are available for Mingle Lounge.

## Mingle High

Mingle High is a variant with high seating. Mingle High lets you create barstools and sofas that go together with high tables and look just as good in the dining room, café or restaurant. Mingle High comes as standalone furniture (not connectable).

### Mingle High bench

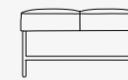

Width: 600 mm (single seater), 1160 mm (2-seater), 1740 mm (3-seater)

Depth: 600 mm

Seat height: 660 mm

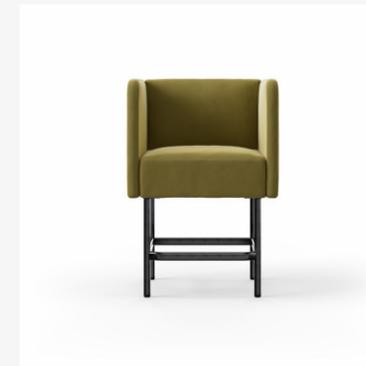

Bench,  
single seater

Bench,  
2-seater

Bench,  
3-seater

### Mingle High armchair

Height: 980 mm

Width incl. armrests: 700 mm

Depth: 600 mm

Seat height: 660 mm

Armchair

Armchair,  
armrest

Armchair,  
armrest left/right

### Mingle High sofa

Height: 980 mm

Width incl. armrests: 1260 mm (2-seater), 1760 mm (3-seater)

Depth: 600 mm

Seat height: 660 mm

Sofa, 2-seater

Sofa, 2-seater, armrest

Sofa, 2-seater, armrest left/right

Sofa, 3-seater

Sofa, 3-seater, armrest

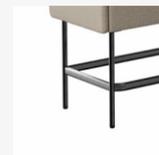

Sofa, 3-seater, armrest left/right

### Vary Mingle High

Create a barstool or sofa with high seating just the way you want it. Mingle High can be varied with different versions of upholstery and colours.

#### Legs

Mingle High comes with black metal legs to create a stylish expression. The metal legs can also be custom painted.

Metallben

#### Upholstery

The fabric and colour of Mingle High upholstery can be varied. The inside and outside module upholstery is available in a single colour or two colours, both from the same fabric family. Mingle High has fabric upholstery, but is also available in leather.

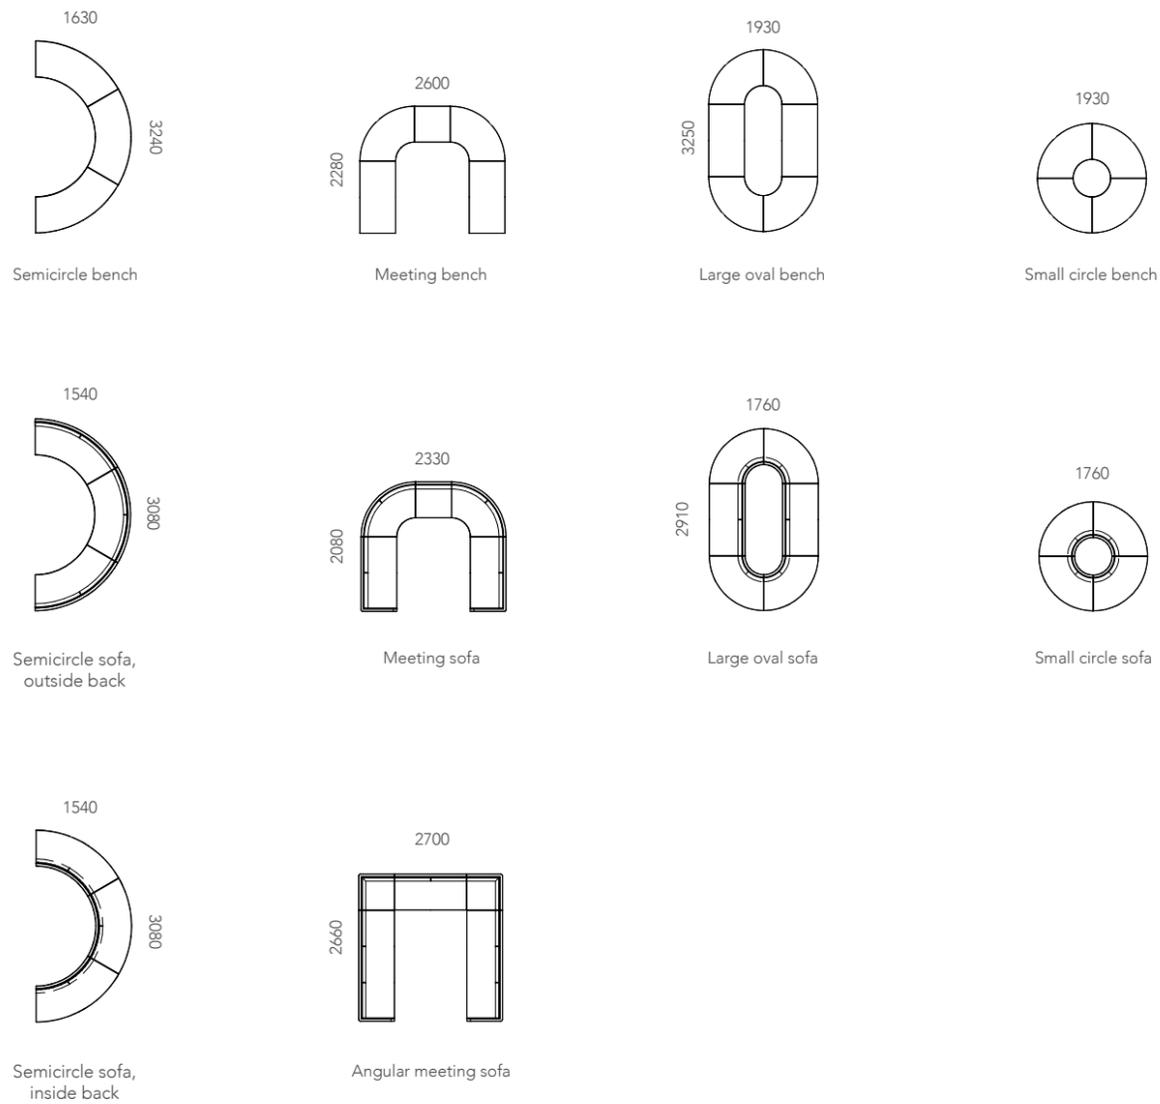

## Connect Mingle

Mingle Lounge lets you connect benches, corner seats, armchairs and sofas to create your own seating combination. Different seatback heights can also be connected. All Mingle Lounge modules are available as standalone or connectable pieces and are put together according to the same principle. Mingle High is only available as standalone pieces and are thus not connectable.

## Free-form Mingle

Mingle Lounge can be connected to create free-form designs. All shapes except the small circle sofa are available with low backs or as high-back meeting booths. Here are some examples of the seating combinations you can create from different connectable modules.

## Compact sofa, small carbon footprint

Mingle's compact design results in less material usage and a lower carbon footprint. Mingle Lounge and Mingle High will bear the Möbelfakta ecolabel and meet the criteria for quality, the environment and social responsibility. All wood components and table tops are FSC® certified\* from responsibly managed forests. EFG offers a wide range of fabrics for Mingle, all

bearing the EU Ecolabel. Because the fabric is not glued to the upholstery, it can be replaced over time. Mingle comprises between 60–70% renewable materials, depending on the choice of legs and fabric.

At EFG, we endeavour to reduce our environmental impact in every circumstance and to use energy

and resources as efficiently as possible. We set tough standards for ourselves, our suppliers and our partners. We choose materials with care to comply with the applicable eco-labels. We improve our processes by setting and constantly monitoring high environmental goals. Read more about EFG's sustainability efforts in our sustainability report.
