

Favor

Work, meet, relax

A working day can be divided up in different ways, but we like to see it as two distinct elements: when we're at a desk and when we're not. This is the idea behind Favor – a cross between an office chair and a meeting chair. The pared down, simple design language makes it easy to match to any space. Use it with a desk and you've instantly got a comfortable workstation. Or let your visitors sit in it - you don't have to choose. Favor comes with or without castors so you can easily wheel it wherever you need to sit, when you need to.

Facts and function

- Fully upholstered
- Fixed armrests
- Two back heights – high and low
- Adjustable seat height
- Adjustable back angle
- Swivel base, 5 castors
- Black or polished aluminium
- Warranty: 5 years for construction, material and manufacturing errors.
- Tested under EN 16139 level 1, EN 1335-1, EN 1728 and EN 1022

Design that wins in the long run

Favor's classic design will stand the test of time. This is an important element in EFG's green thinking, where products don't just have to be sustainable in their materials and manufacture, the design has to be made to last too.

At EFG we are constantly striving to minimise our environmental impact and to use energy and resources as efficiently as possible. We set high standards for ourselves and our suppliers when it comes to the environment and working conditions.

We take care in choosing materials that fulfil current ecolabelling criteria. We have ambitious environmental objectives and constantly monitor them to improve our processes. Read more about EFG's work on sustainability in our sustainability report.
