

EFG Table Selection

YOUR CHOICE

Today the workplace needs to be easily adaptable for its varying users. In any office, we should be able to change working position during the day to support our wellbeing. All of our work tables can be adjusted in height to suit individuals. As a leading provider of height adjustable sit-stand tables we know that they are the best solution for wellbeing in the workplace.

An increasingly large proportion part of our modern work day is now spent in meetings. From the traditional formal meeting to collaborative project discussions and informal social gatherings designed to encourage knowledge sharing - we provide table solutions for the many forms a meeting can take.

Choose between a large variety of shapes, designs and colours available in our table top assortment. Mix and match the tops and the frames as you wish. Equip your desk with one of our considered power and data solutions and add smart desk screens or accessories to make the workplace more organised, functional and personal.

It's your choice.

EFG ACTIVE

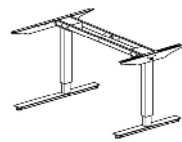

EFG Active is the new generation of sit/stand workstations meeting the increased demand for flexible working positions throughout the day. The system is equipped with the latest technology, it is stable, acoustically sound, can be fitted with anti collision detection and are energy efficient. These workstations are designed to be used with RFID technology, which enable the user to book a desk, register personal preferences and save energy.

- Motor-driven metal frame with rectangular legs, thick part placed upwards (UP) or downwards (DW) on the larger frames. Also available with round legs.
- Height adjustable 640-1290 mm (HI).
- The frame has adjustable beams between 1100-1950 mm, which is suitable for table tops between 1200-2200 mm.

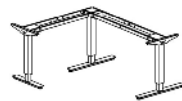

RECTANGULAR LEGS 640-1290 MM (HI)

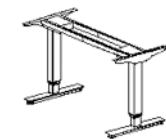

ACTA20
For table top width 700-1000 mm, length 1200-2200 mm. Available UP or DW.

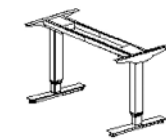

ACTA25
For table top width 1000/700-1200/900 mm, length 1200-2200 mm. Available UP or DW.

ACTA30
For table top width 1200-2200 mm, length 1600-2600 mm. Available UP or DW.

ACTA10S
For table top width 500-700 mm, length 800-1400 mm.

EFG IZI PRO

EFG Izi Pro is a flexible family of tables with a clean design. The frame is both height adjustable and the telescopic beams facilitate various top sizes, a practical and economical solution if changes call for a larger or smaller table. The range can be configured with numerous different table tops, sizes and finishes to suit your specific needs. Sliding table tops are ideal for hiding cables and by adding smart accessories functionality meets design effortlessly.

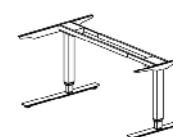

- Motor-driven height adjustment: 640-1290 mm (HI).
- Metal frame, rectangular, with two or three legs.
- The frame has adjustable beams between the lengths 1000 and 1800 mm, which is suitable for table tops from 1200 to 2200 mm.

OUTLETS FOR WORKSTATIONS

In today's digital world everyone needs easily accessible power outlets in the workplace to charge our devices. We offer several integrated electrical outlets for your chosen tops, that support mixed components such as power and USB. These units are available in selected colours.

How to order

- 1. Select your preferred outlet(s)
- 2. Specify the item number for the relevant cut out (A50B98 or A50B99)
- 3. Specify the position of the cut out on the desk, using the co-ordinates as shown on the following spread.

Cut out item no. A50B98 - Ø 60 mm

QI CHARGER
BRUSHED ALU (A29H37)

POWER DOT MIDI
POWER AND CABLE ACCESS
BLACK (A50B79) · WHITE (A50B78)

POWER DOT MIDI
POWER AND USB
