

Savo Soul

MESH BACK 50 (SOFT SEAT)

Savo Soul is an ergonomic office chair, without being complex, so that it can interact with the body in perfect harmony. It is a chair for everyone, it is easy to use, immediately adapts itself to the user and has an intuitive design. The chair can be fine-tuned as needed, so that you can sit well all day long. The backrest and seat are synchronized for an extra smooth feeling and the automatic adjustment of the back resistance means that you can safely lean back with comfortable support. The seat and backrest can be tilted independently in several angles. The Flexi Back® function follows the body's movements automatically, even sideways, which keeps the back upright providing optimal support in all positions.
